

Data protection

1. General

The protection of your personal data is very important to us. We treat your personal information with the strictest confidentiality and in accordance with the applicable data protection regulations and this privacy policy.

You can find the general privacy policy of our website in the footer of the website or under the following link:

https://gib-base.de/datenschutz/Engl_Datenschutz.html .

2. Participation

Participation in events or health measures offered on the landing page is generally voluntary. Your consent to the use of personal data (surname, first name, e-mail address and optional telephone number) will be used in the context of planning and implementing the event.

The data entered will be automatically deleted by GiB GmbH 30 days after completion. You can withdraw your consent to this privacy policy at any time and request the premature deletion of all stored data (by mail to: info@gib-gesundheit.de). However, revocation before participation in the health measure will make participation impossible. Stored data can only be viewed and processed by authorized persons.

The “Microsoft Teams” platform is generally used for online events. You can view the platform’s privacy policy at the following link: <https://learn.microsoft.com/en-us/microsoftteams/privacy/teams-privacy>.

This link is managed via a GiB GmbH account, so it is not necessary to register as a participant on the “Microsoft Teams” platform. All online meetings take place in a meeting room set up specifically for the event, to which participants are individually “invited” via a link.

3. Hosting and Content Delivery Networks (CDN)

The web application “GiB-Base”, which acts as a registration platform and manages the registrations, is operated by GiB GmbH on a dedicated server in a data center operated by Hetzner. This data center is located in **Germany** and is certified in accordance with DIN IEC 27001.

4. General note and mandatory information

The responsible body for data processing on this website is:

GiB – Gesundheit in Bewegung GmbH
Hinschenfelder Strasse 34a
22041 Hamburg

Phone: 040 650 330 10

Mail: info@gib-gesundheit.de

You can reach our data protection officer at:

Confidential to the data protection officer
Hinschenfelder Strasse 34a
22041 Hamburg

Mail: datenschutz@gib-gesundheit.de

4.1 Revocation of your consent to data processing

Some data processing operations are only possible with your express consent. You can withdraw your consent at any time. An informal notification by e-mail (info@gib-gesundheit.de) is sufficient for the revocation. The legality of the data processing carried out until the revocation remains unaffected by the revocation.

4.2 Right to lodge a complaint with the competent supervisory authority

As a data subject, you have the right to lodge a complaint with the competent supervisory authority in the event of a breach of data protection law. The competent supervisory authority for data protection issues is the state data protection officer of the federal state in which our company is based. The following link provides a list of data protection officers and their contact details: https://www.bfdi.bund.de/EN/Home/home_node.html.

4.3 Right to data portability

You have the right to have data that we process automatically on the basis of your consent or in fulfillment of a contract handed over to you or to third parties. The data will be provided in a machine-readable format. If you request the direct transfer of the data to another controller, this will only take place if it is technically feasible.

4.4 Right to information, correction, blocking and deletion

You have the right to free information about your stored personal data, the origin of the data, its recipients and the purpose of the data processing and, if applicable, a right to correction, blocking or deletion of this data at any time within the framework of the applicable legal provisions. You can contact us at any time using the contact options listed below if you have any further questions on the subject of personal data.

4.5 SSL or TLS encryption

For security reasons and to protect the transmission of confidential content, there is SSL or TLS encryption of the GiB employee's end device during the time of execution. This means that data that is transmitted cannot be read by third parties.
